EDUCATION

Computer Science, Enginerring Studies

Collegium Witelona Uczelnia Państwowa, Legnica
10/2020 - 03/2024

SKILLS

- HTML
- CSS
- SCSS
- TypeScript
- Git
- Node.js
- React
- Next.js
- TailwindCSS

WORK EXPERIENCE

Front-end, back-end developer (Internship)　　07/2023 - 08/2023

Sharply, Legnica

Second intership in Sharply during I worked more in team. I learned github issues, branches, pull requests and how to solve conflicts in pull request. I also faced to solve other problems. I worked with four other interns. When one of them had problem, first they asked me for help and when I didn't solve problem, it was solved by our keeper. It gave me opportunity to read more code and keep it clean.

Front-end, back-end developer (Internship)　　08/2022 - 09/2022

Sharply, Legnica

First intership in software house during I learned basics of React, how back-end works and how to connect front-end with back-end. While setting connection between front-end and back-end I faced common problem which was CORS, what it is and how to setup CORS. I learned also git with its basic commands and github.

PROJECTS
